

WHOLE-SCHOOL OPERATING SYSTEM

TRWSOFT PLATFORM OVERVIEW

One intelligent platform for the whole school

Connected school operations, protected records, and evidence-led decisions for Ghanaian schools.

DESIGNED FOR PRACTICAL SCHOOL IMPLEMENTATION

For school owners, headmasters, administrators, and implementation teams

Product brochure | October 2026 | Demonstration interfaces use illustrative data

Practical outcomes before extra complexity.

One trusted record

Connect students, staff, guardians, classes, finance, welfare, and official evidence.

Role-aware workspaces

Each person sees the pages, actions, and records appropriate to assigned responsibility.

Operational intelligence

Turn verified records into alerts, trends, explanations, and recommended action.

School-level fit

Adapt menus and workflows for Basic, SHS, day, and boarding environments.

CONNECTED PLATFORM AREAS

The modules share one permission and evidence framework.

● Admissions and onboarding

● Student and guardian records

● Classes, scores, and results

● Daily and lesson attendance

● Timetables and examinations

● Boarding, houses, and exeat

● Staff profiles and duty

● Fees and official receipts

● Messages and announcements

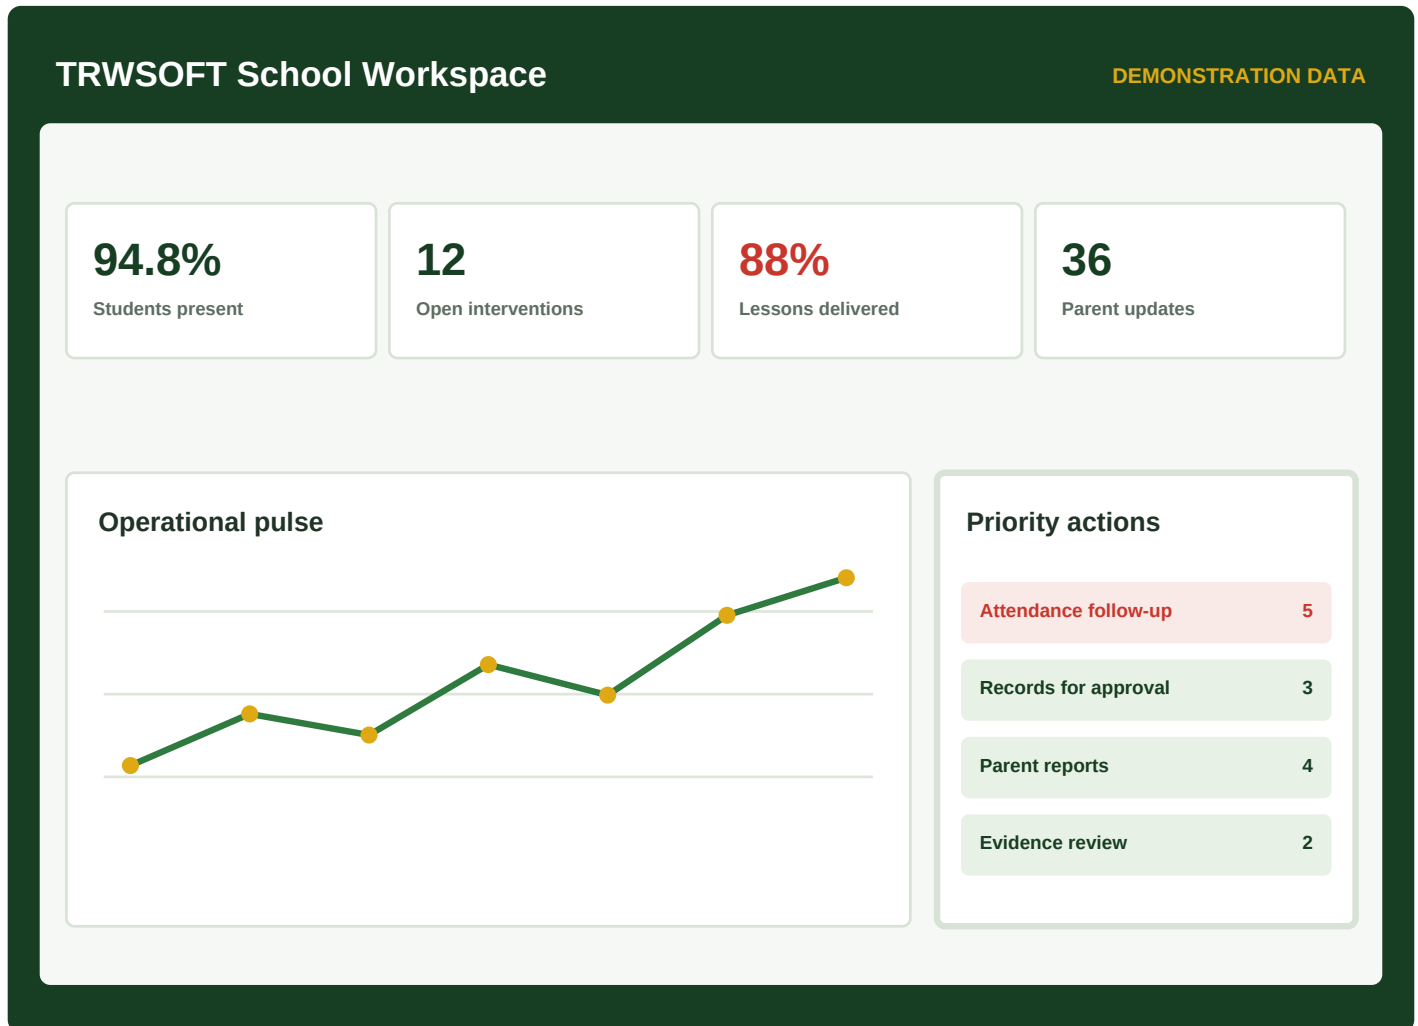

● Leadership reports and intelligence

● Documents and evidence trails

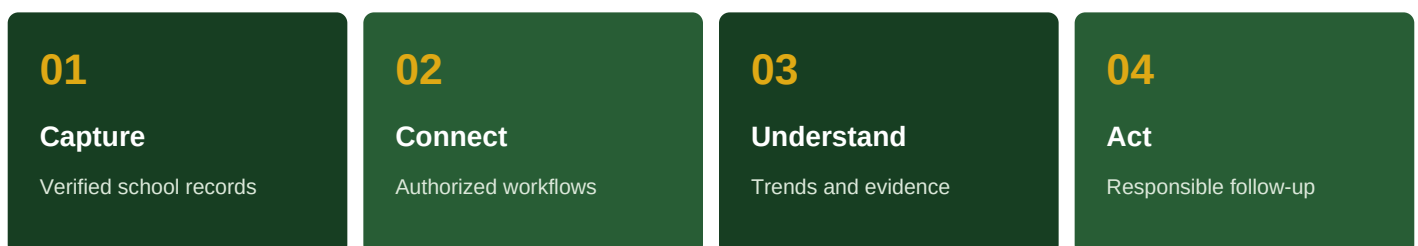

● Role and page permissions

See the school day clearly, then open the evidence.

The figures below are demonstration data. A live school workspace uses authorized school records and role permissions.

HOW INFORMATION BECOMES ACTION

IMPORTANT

TRWSOFT supports responsible school decisions. Authorized staff remain accountable for verifying records, applying school policy, and approving each action.

A practical path from discovery to daily use.

The final scope is agreed with each school before activation.

1

Discovery

Confirm school structure, priorities, roles, and source records.

2

Foundation

Prepare clean data, school settings, and responsible user access.

3

Activation

Train teams and launch priority workflows in practical stages.

4

Intelligence

Review adoption, evidence quality, alerts, and leadership outcomes.

BUILT AROUND ACCOUNTABILITY

Role permissions

Viewing and actions follow assigned responsibility.

School isolation

Each institution operates within its authorized scope.

Evidence trails

Critical actions can preserve person, time, reason, and source.
