

DESIGNED FOR COMPLEX SHS OPERATIONS

TRWSOFT FOR SHS AND BOARDING

Coordinate academics, examinations, and student life

An integrated SHS workspace for programmes, timetables, results, boarding, exeat, welfare, and leadership operations.

DESIGNED FOR PRACTICAL SCHOOL IMPLEMENTATION

For headmasters, assistant heads, administrators, teachers, house teams, and examination committees

Product brochure | October 2026 | Demonstration interfaces use illustrative data

Practical outcomes before extra complexity.

Programme academics

Manage classes, subject allocations, workload, timetables, scores, and interventions.

Exam readiness

Coordinate papers, rooms, seating, invigilation, incidents, and results intelligence.

Boarding control

Track houses, dormitories, capacity, roll call, exeat, return, welfare, and maintenance.

Leadership evidence

Bring operational alerts and official reports into one accountable review path.

CONNECTED PLATFORM AREAS

The modules share one permission and evidence framework.

Programmes and classes

Automatic timetabling

Teacher workload intelligence

Exam seating and invigilation

WASSCE results intelligence

Daily and lesson attendance

Houses and dormitories

Boarding roll call

Exeat and return evidence

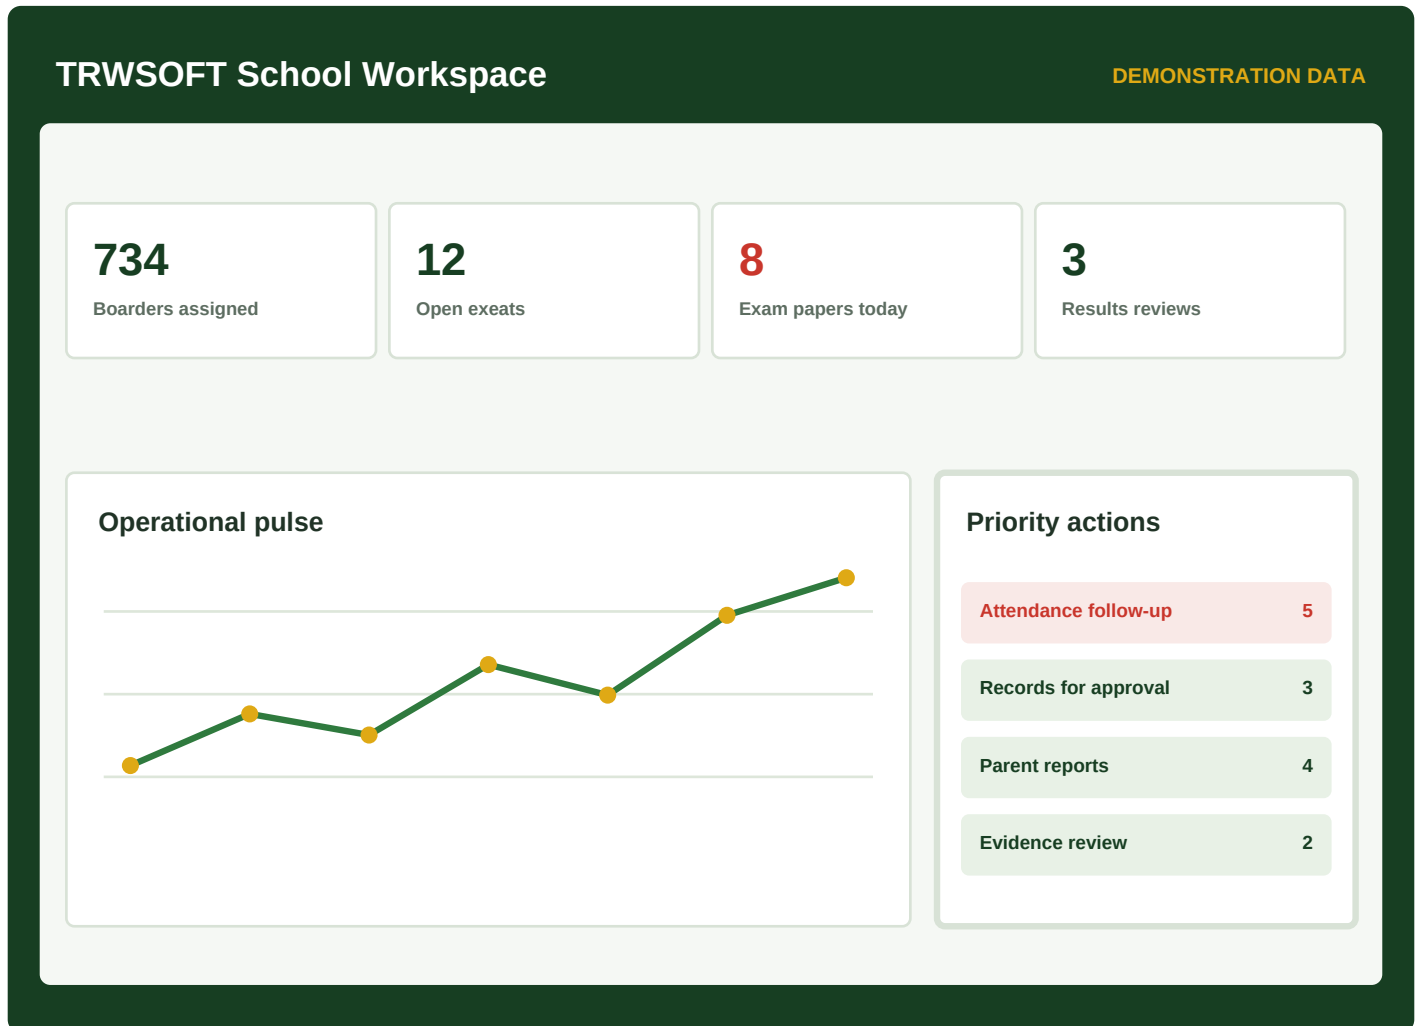

Clinic and student welfare

Discipline and safeguarding

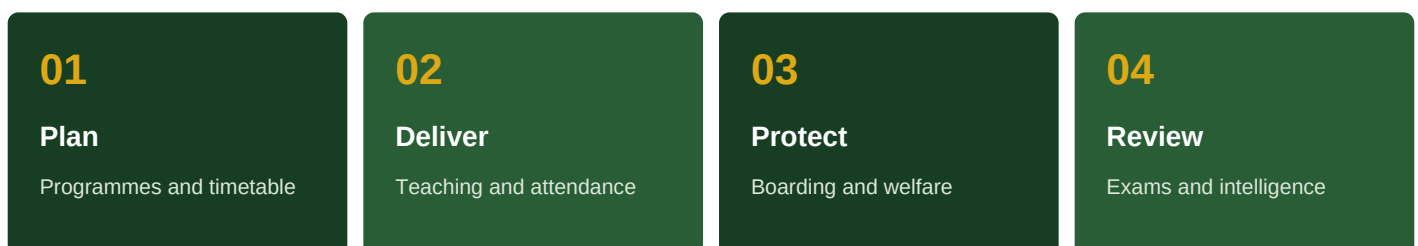

Leadership command centers

See the school day clearly, then open the evidence.

The figures below are demonstration data. A live school workspace uses authorized school records and role permissions.

HOW INFORMATION BECOMES ACTION

IMPORTANT

TRWSOFT supports responsible school decisions. Authorized staff remain accountable for verifying records, applying school policy, and approving each action.

A practical path from discovery to daily use.

The final scope is agreed with each school before activation.

1

Structure

Confirm programmes, classes, subjects, houses, rooms, and responsibilities.

2

Operational data

Prepare students, staff, assignments, dormitories, and current records.

3

Team activation

Launch academics, boarding, welfare, and examination workflows by role.

4

Executive review

Use evidence and trends for timely school-wide decisions.

BUILT AROUND ACCOUNTABILITY

Role permissions

Viewing and actions follow assigned responsibility.

School isolation

Each institution operates within its authorized scope.

Evidence trails

Critical actions can preserve person, time, reason, and source.
