

DAILY STAFF ATTENDANCE EVIDENCE

TRWSOFT TEACHER ATTENDANCE

Turn daily staff attendance into accountable school evidence.

A fair, contextual attendance workflow for check-in, check-out, authorized school windows, duty exceptions, trends, and official reports.

DESIGNED FOR PRACTICAL SCHOOL IMPLEMENTATION

For school leadership, administrators, attendance officers, and teachers

Practical outcomes before extra complexity.

Clear daily evidence

Record arrival, departure, school-day context, and the responsible device or approved method.

Fair duty context

Separate late or absent records from approved duty, leave, timetable context, and authorized exceptions.

Timely follow-up

Bring records needing confirmation into a clear review path before they become unresolved history.

Useful trends

Compare daily and term patterns while preserving source evidence for official school reports.

CONNECTED PLATFORM AREAS

HOW INFORMATION BECOMES ACTION

IMPORTANT

TRWSOFT supports responsible school decisions. Authorized staff remain accountable for verifying records, applying school policy, and approving each action.

A practical path from discovery to daily use.

The final scope is agreed with each school before activation.

1

Attendance policy

Confirm the school day, attendance methods, authorized users, and exception rules.

2

Staff activation

Connect staff accounts, duties, timetables, and approved attendance devices.

3

Daily review

Resolve late, missing, leave, duty, and early-exit records with supporting evidence.

4

Leadership reporting

Use reliable daily and term summaries for accountable staff administration.

BUILT AROUND ACCOUNTABILITY

Role permissions

Viewing and actions follow assigned responsibility.

School isolation

Each institution operates within its authorized scope.

Evidence trails

Critical actions can preserve person, time, reason, and source.
